**FARM TUB™ SELF-WATERING PLANTERS TO RETURN TO  
THE COLORADO GARDEN AND HOME SHOW THIS MONTH,  
INTRODUCES ITS NEW WILDFLOWER SERIES FOR 2015**

BOULDER, CO, February 2, 2015... Farm Tub™ (www.farmtub.com), Colorado's container gardening solution, will be returning to the **Colorado Garden & Home Show, February 7-15<sup>th</sup>, 2015 at the Colorado Convention Center, Booth 2253**. Farm Tubs are decorative self-watering planters and growing systems that make growing fresh food possible in small spaces. These artisan planters are perfect for container gardening on your deck, in the garden and greenhouse. Farm Tubs are ideal for those who have downsized to a townhouse, apartment, or retirement community. Travelers love Farm Tubs because they don't have to worry about watering while they are away.

**New for 2015:** Farm Tub is excited to introduce its new "Farm Tub Wildflower Series". These planters (pictured above and below) are wrapped in wood and are offered in a variety of eye-catching hues, including: Red, Blue, Green, Orange, Yellow, and Gray. Also new for this season is a targeted sales program directed at restaurants, school gardens and commercial spaces that wish to grow food or flowers onsite in a water-conserving manner.

"Our clients include residences - large and small from condos to ranches, as well as corporations, municipalities, and urban and school gardens along the Front Range," shared designer/owner, Bob Walsh.

**Farm Tub Description:** Ranging in size from 3 feet to 8 feet long, Farm Tubs are custom-built planters made in a variety of materials and colors. With a galvanized steel interior and the signature, decorative wood veneers, Farm Tubs integrate the best of hydroponic and conventional growing systems. The internal watering reservoir creates a self-contained system which allows you to control your soil and water. Farm Tubs range in price from \$250 - \$1600 depending on the size and materials selected. Specific details are on listed the website.
